Conduct at the Park

There have been some incidents at the park both before and after school involving Applegarth pupils. We have dealt with them accordingly. Pupils who have permission to walk to and from school are expected to do so sensibly and safely. It is not possible for us to go out and police what is happening on a daily basis. If pupils do not conduct themselves appropriately, we will insist that they are collected from school. This will be a last resort and I trust that we can work together to ensure that our pupils conduct themselves properly rather than having to use sanctions.

Lego Cards

Many of our pupils are avid Lego card collectors. Some of our teachers even collect the cards themselves to give out as prizes at the end of the day or week. We always remind pupils that they are to go home and not be brought back into school. Card games often cause arguments and falling out and there is the added complication this year of spreading germs through swapping and sharing cards. Please help us to make sure Lego cards remain at home.

Ripon Cathedral Celebration

On Friday 6th of November, we have been invited to join Ripon Cathedral's online Remembrance Service which will be streamed in all classrooms. It will feature a host of schools locally who have prepared drama, poetry and songs. In addition to this, **all service children** have been asked to create artwork that will be displayed as a photo montage during the service. They will be sent home tonight. Mrs Jones would like the artwork returned by Wednesday 7th October.
